VELO Events Special Cargo Bike & Family

At all three VELO events in Berlin, Hamburg and Frankfurt the four VELO areas URBAN & LIFESTYLE, SPORTS & ADVENTURE, BIKE & TRAVEL and TESTIVAL & SIDEEVENTS offer all exhibitors the ideal platform to present their novelties, trends and classics towards interested and well funded consumers. The bicycle festivals are organised by the Berlin based bike and mobility agency Velokonzept in collaboration with its partners Messe Friedrichshafen (Berlin), Hamburger Morgenpost Medien (Hamburg) and Mediengruppe Frankfurt (Frankfurt).

As one of the most important future trends, therefore cargo bikes are one of the core topics at all VELO events.

International Cargo Bike Festival @VELOBerlin 2018

We are happy to announce that the world's largest and most important reunion of cargo bike enthusiasts, the International Cargo Bike Festival Nijmegen, moves to Berlin! As part of VELOBerlin we expect more than 50 cargo bike brands in the large ICBF area in- and outside. The area organised by Cargo Bike Festival founder Jos Sluijsmans and VELOBerlin is accompanied by an exciting fringe programme including the cargo bike scene as well as an exciting conference programme and lots of cargo bike action at the former Tempelhof Airport.

Profit from the cargo bike package deal or book larger booth space in the cargo bike show - we offer an extended early bird discount of 5% until December 31, 2017.

Special area Cargo Bike & Family at all three VELO events

At all VELO events cargo bike-related exhibitors will be brought together in the designated special exhibition. The topic will be focused in on-stage presentations as well as in the media and press relations of the event. Arne Behrensen of "cargobike.jetzt" provides independent expert advice at the cargo bike info booth. Large test tracks invite you to test the cargo bikes and an exciting cargo bike race shows what's possible with a cargo bike.
